

FRRR ABC Heywire Youth Innovation Grants

Helps communities take action on the ideas generated by young Australians on issues that matter to regional, remote and rural youth.

The Heywire Project Ideas are developed annually at the Heywire Summit in Canberra.

Grants of up to \$10,000 are available for communities to act on these issues by either adopting or adapting the project ideas.

That might include implementing the idea as developed by the Heywire Youth or by adapting it to respond to the issue the project idea seeks to address with an initiative that meets the needs of young people in your community.

Through these grants, this program aims to:

- Make remote, rural and regional Australia a better place to grow up for young Australians
- Put young people at the centre of decision making about issues affecting them within their community
- Strengthen young people's connections to their community, by providing an avenue for organisations to engage well with youth.

The 2025 project ideas will be available after the Summit.

Priority will be given to projects that are either:

- Youth-led projects
- Partnerships between youth and community organisations
- Youth participation in projects that strengthen the connection to their community.

To apply, you must meet the following criteria:

- Applicant organisations must be a not-for-profit organisation with either an Incorporation Certificate and/or an ABN
- Project must be for charitable purposes and offer clear public benefit
- Not-for-profit organisations with or without DGR-1 endorsement are eligible
- Organisations can submit one application per grant round
- Projects must address a local issue distinctive to your community.
- Projects must take place in regional Australia, as defined by ABC Heywire – that is, outside of Adelaide, Brisbane, Melbourne, Perth or Sydney
- For program purposes, youth is generally defined as ages 12-28.
