

Community Shade Grants Program

Provides grants to community organisations for shade development in public spaces.

Please note - closing date has been extended

The Victorian Government will continue its investment and deliver on the election commitment to provide \$15.1 million towards the prevention and early detection of skin cancer, including \$10 million to the Shade Grants Program over 2019 to 2023.

The aim of the Program is to reduce Victorians' exposure to UV radiation by increasing shade in public places across the state and by promoting the uptake of sun protective practices.

The Program is offered once a year, across two grant categories:

- School Shade Grants Program
- Community Shade Grants Program (this grant).

Community Shade Grants Program:

- Eligible community organisations can apply for grants of up to \$50,000 for shade development and can include up to \$700 for sun protection items (including GST). Applicants may also request up to \$700 for sun protection items only.

Organisations must be not-for-profit and registered as either an incorporated association, company limited by guarantee, non-trading/non-distributing co-operative, Indigenous corporation or local government entity.

Examples include but are not limited to:

- Community groups
- Sports clubs
- Scouts and guide groups
- Local councils
- Kindergartens
- Early childhood education and care services
- Religious organisations (excluding schools).

The Program provides funding for:

- New permanent shade
- Repair or replacement of existing permanent shade
- Natural shade
- Portable shade
- Sun protective items.

Applicants may apply for a combination of new, repair/replacement, natural, portable shade and sun protective items. Each application may apply for shade for up to two sites. Shade must be for use in public places which are located within the state of Victoria. In the context of the Program, a public place refers to an outdoor area, which the public have paid or free access to. A public place
