

With One Voice Community Choir Start-Up Grants

Enables individuals and community groups to develop sustainable With One Voice Social Franchises through establishing a community choir.

*Please note - Creativity Australia are no longer offering these grants. There will be no more rounds. *

Creativity Australia is offering a limited number of choir seed funding grants of up to \$10,000 to start their own With One Voice program. The seed funding is to cover the initial costs of a conductor, supper and venue (if these can't be found in-kind) while the program establishes itself in the community.

The grants are paid in four instalments after choirs have met set establishment and choir health milestones.

In addition (and separate to the initial seed grant) individual communities may also apply for an allowance of up to \$2,500 to support their Conductor and Program Coordinator in their development.

The key is to ensure that each program is financially viable within 12 months. WOV Choirs will need to gain additional funding support from councils, grants and/or businesses once the choir is running.

Creativity Australia welcomes applications to establish With One Voice choirs from all community-based groups/ organisations with an interest in building healthier, happier, more inclusive communities.

Though the choir may originate from a particular group, the Organising Committee must represent the wider community. Applications will be assessed based on their diversity and/or plan to achieve diversity.

Unfortunately, Creativity Australia can't accept applications from: Local and state councils or for-profit groups / businesses.

They do, however, encourage such organisations to find local people or community organisations and partner with them to apply. This strengthens an application and creates a more robust community choir.
