

Yamaha Music Australia Great Start Grant

Awards musical instruments and equipment to schools to support music making.

Yamaha Music Australia is proud to announce the 2025 Great Start Grant, an initiative designed to provide schools with the tools they need to inspire young musicians and create a vibrant culture of music education. This year, Yamaha is focusing on the drum and percussion studio, offering an opportunity to transform your school's music program with state-of-the-art Yamaha instruments.

Each winning school will receive a tailored selection of Yamaha drum and percussion instruments, specifically curated to enrich the drum and percussion studio. This may include:

- Yamaha Drum Kits (both acoustic and electronic)
- High Quality Cymbals (including Paiste cymbals)
- Concert Percussion Instruments (such as timpani, xylophones, and snare drums)
- Drum and Percussion Accessories.

If your school has a vision to expand its music program or upgrade its existing resources, this is your opportunity to make it happen. Share your vision with Yamaha and demonstrate how Yamaha can help you create an engaging, transformative learning environment.

Yamaha is looking for schools that demonstrate a passion and drive for music education and a vision for how this grant could make a real impact.

Only Australian Accredited primary or secondary schools can apply for and be the Grant recipient.
