

# Entrepreneurs' Programme - Accelerating Commercialisation

Provides small and medium businesses, entrepreneurs and researchers with access to expert advice and funding to help get a novel product, process or service to market.

\*Please note - The Accelerating Commercialisation program closed on 9 May 2023.\*

You can submit an expression of interest for Commercialisation Guidance at any time. After receiving guidance, you may be eligible to apply for an Accelerating Commercialisation Grant:

- Commercialisation Guidance – guidance and assistance to develop the commercialisation potential of your novel product, process or service
- Accelerating Commercialisation Grants – financial assistance to help commercialise your novel product, process and service.

What do you get?

- Expert advice and guidance
- Up to \$500,000 of matched project funding for Research Commercialisation Entities and Eligible Partner Entities
- Up to \$1 million of matched project funding for all other eligible applicants.

Who is this for?

- Australian entrepreneurs, researchers, inventors, start-ups, Research Commercialisation Entities and small and medium enterprises who have a novel product, process or service they want to commercialise.

Accelerating Commercialisation Grants provide up to 50% of eligible expenditure to support your commercialisation project. If successful you will receive on-going support from your Facilitator throughout the life of your commercialisation project.

To be suitable to receive Commercialisation Guidance you must have a novel product, process or service that you wish to commercialise for trade in Australian and/or overseas markets.

You must also meet the turnover test, which helps us target our advice and support to the businesses that need it most.
