\*Please note - The Growth Services program closed on 9 May 2023.\*

The Entrepreneurs' Programme provides access to a national network of experienced facilitators. They will work with you to improve your business practices, become more competitive, and take advantage of growth opportunities.

With a Growth Roadmap you'll get access to a skilled facilitator who will:

- Come to your business premises to gather information
- Analyse your business using industry knowledge and diagnostic tools
- Do further research and analysis away from your business
- Prepare a tailored roadmap to increase your ability to trade in Australia and/or other markets
- Coach and mentor you for up to 1 year.

With their support you can:

- Build skills for your business
- Find opportunities for growth
- Ensure you're able to continue improving your business after the service ends
- Help you action the recommendations from your roadmap
- Connect with other organisations for help.

Once you've received your Growth Roadmap, you may be eligible for a Growth Grant. This grant will help you fund the recommendations in your roadmap.

You must submit your application within 1 year of receiving your roadmap or plan.

What do you get?

- Funding of between \$2500 (ex GST) and \$20,000 (ex GST), covering up to 50% of eligible project costs.
