

Joint Strike Fighter Industry Support Program Sustainment Grants

Provides Australian businesses with funding to develop new or improved capabilities to win work in the sustainment phase of the Joint Strike Fighter Program.

This grant opportunity is to support Assigned-Product Support Providers (A-PSPs) to develop and implement their approved Depot Maintenance Activation Plan (DMAP). Through their plan they'll become a Qualified F-35 Component Depot Source of Repair (DSOR) for maintenance and repair activities for existing components used in the Joint Strike Fighter (JSF).

What do you get?

- Grants from \$50,000 up to \$250,000 to fund up to 50% of eligible project expenditure for phase 1 and 2. Phase 3 and 4 funding will be determined by the Department of Defence in accordance with the amount outlined in your supporting business case.

Who is this for?

- Australian companies provided an assignment by the United States Government for maintenance and repair activities for existing components used in the Joint Strike Fighter Program.

To be eligible you must:

- Be an Assigned-Product Support Provider (A-PSP) developing and/or implementing a Depot Maintenance Activation Plan (DMAP)
- Have an Australian business number (ABN)
- Be registered for the Goods and services tax (GST).

You must be one of the following entities:

- An entity, incorporated in Australia
- An incorporated trustee on behalf of a trust.

You can submit an application at any time while the grant opportunity remains open.
