

# O'Shaughnessy Fellowships & Grants

Offers a one-year program that unites the world's most bold and undiscovered researchers, builders and creatives to find, build and spread new ideas.

## Fellowships:

Credentialism is dying. You are no longer bound by the standard script. The tools are in your hands, a cornucopia of resources at your fingertips. Passion projects are the new résumés. The question is no longer, "Where did you go to university?" but "What have you made?"

Each of OSV's fellows will follow a unique path. Some will research new ideas, some will build new ideas, and some will spread new ideas.

Getting started with something new can be daunting, especially when you have responsibilities.

Innovation requires freedom to tinker, experiment and learn. OSV believes in the value of original mistakes.

All fellows receive a \$100,000 equity-free grant to pursue their projects for one year, post which OSV will help them raise equity if they choose to do so.

Extraordinary visions demand powerful networks. OSV connects you directly to investors, partners, and mentors, while welcoming you into their growing community of Fellows and Grantees.

## Grants Program:

The Grants program helps even more people to unleash their potential.

Alongside the ten Fellowships, up to twenty individuals will each receive a \$10,000 grant and access to OSV's network of founders, investors, and experts to support them in bringing their projects to life.

There is no separate application process for the Grants program. Winners will be selected based on their Fellowship Application form.

## Eligibility:

The Fellowships and Grants empower individuals of the highest caliber whose work positively impacts the world, from scientific breakthroughs and technological innovations to enduring artistic and cultural contributions.

If you're working on something that can improve the world, OSV want to hear from you.

While Fellows and Grantees pursue many projects across multiple domains, they all embody certain traits:

- Personal Agency
- Exemplary Proof-of-work
- Resourcefulness.

The fellowship is open to individuals over the age of 18 worldwide, regardless of their background.

Timeline:

- January 1, 2025 to February 28, 2025. Stage 1: Early Application Window. Applications are evaluated on a rolling basis, so the earlier you apply, the earlier your application will be reviewed
- March 1, 2025 to April 30, 2025. Extended Application Window. Missed the early application window? Don't worry. You still have a chance to apply for the Fellowships after March 1st. Applications will be added to the backlog and reviewed as soon as possible.
